OLYMPIA LUBE OIL  
PROFILE

# COMPANY HISTORY

Olympia Group of Companies started its commercial activities in 1990, when Olympia Lube Oil GmbH was registered in Germany. It was established in UAE in the year 1994. Quality of Olympia lubricants is meticulously checked by the prestigious European Automobile plants in Germany and Sweden. With the high quality approval certificates from these bodies, Olympia products are proud to state that our product ranges are approved by the prestigious Manufacturers like Porsche, Mercedes Benz, BMW, MAN, Volkswagen and Volvo.

# COMPANY HISTORY

The state of the art and the most sophisticated Olympia Plant in the Jebel Ali Free Zone, Dubai has a built up area of over 13,500 sq metres and it has the warehouse of over 3,500 sq metres with the capacity for blending, filling, packing & labelling of different lubricant SKU's. To deliver the highest quality for all Olympia products, the company has an in built modern laboratory with the state of the art equipments and testing techniques which constantly ensures that all Olympia Products meet the highest International Standards.

It also allows our specialists to develop new and tailor made products for our customers with better formulations.

Olympia Oil has the storage capacity of more than 10,000 MT and blending tanks with the production capacity of over 250,000 MT per annum with the modern European equipments and powerful pumps for safety and security of our plant and our staffs, as Safety lies at the heart of our core values.

Further, growth and expansion of our production capabilities and also the product variants are in line with demand of our customers and that gave us a reason to spread our wings across the globe and today our presence is wide across in Russia, Afghanistan, Germany, Ukraine and Kyrgyzstan and also a wide network of Exclusive distributors and agents has been appointed by Olympia in whole of Africa as well as in Australia, Kazakhstan, Turkmenistan, Tajikistan, Pakistan, Bangladesh, Azerbaijan, Iraq, Jordan, Turkey, Kingdom of Saudi Arabia.

Olympia Lube Oil products include high quality motor oils (mineral, semi-synthetic and synthetic lubricants) for Gasoline and Diesel Engines, Transmission Oils, Hydraulic Oils and Greases as well as the speciality products like Anti Freeze Coolants, Brake Fluids and Industrial & Marine Products. Today, we are a global company with truly International Product range and our goal is to be committed to deliver the best to our customers.

# OLYMPIA LUBE OIL

Besides the manufacturing of our brand, Olympia Oil is also capable of providing private labelling for our customers.

Big numbers of sold German products under the titles of “Olympia” and “Made in Germany”, modern packing technology, best designs of cans, highest standards of quality control, laboratory assurance procedures and proper organization of production and packing works formed big interest in joint venture from partners in supply of German oils.

# OLYMPIA LUBE OIL

Therefore, as per the request of our German partners, in 2000, Olympia established a joint venture with Meguin oils of Germany.

Today Olympia lube oil is a big company with huge manufacturing and refilling abilities, big service facilities, wide distribution, branches and customer networks.

The company is able to provide its customers with all types of Automotive and Industrial Lubricants in pack sizes varying from the smallest 0.25 L cans BULK, in flexi tanks of 25000 Liters in 40 feet container. (see our products).

A wide-angle photograph of a large industrial facility, likely an oil refinery or manufacturing plant. The scene is dominated by a complex network of pipes, tanks, and machinery. In the foreground, a blue metal frame supports several large, horizontal pipes painted in red, yellow, and blue. To the left, a red bucket sits on the floor. In the background, a white building with windows and doors is visible, along with various industrial structures and equipment. A sign on the wall reads "PRODUCTION AREA".

# Olympia Lube Oil Manufacturing and refilling products.

## OLYMPIA “HI- Tech”, Fully Synthetic Engine Oil SAE 0W-30

Modern fully synthetic low-viscosity engine oil created for all-year use. The combination of unconventional synthetic base oils with advanced additive technology guarantees a low-viscosity, highly shear-resistant engine oil that is sure to prevent deposit build-up, lower friction loss in the engine and provide optimal wear protection. This leads to savings in fuel consumption whilst at the same time extending the life of the engine. Suitable for petrol and diesel engines, including those with turbo chargers and catalytic converters.

### Performance Levels and approvals:

ACEA A 3-98,  
B 3-98  
API SJ/CF  
Mercedes Benz 229.1,  
Volkswagen 502.00/505.00,

## OLYMPIA Super Partly Synthetic Engine Oil SAE 10W-40

OLYMPIA Super Partly Engine Oil SAE 10W-40 (partly synthetic) is a modern low-viscosity engine oil for all-year use. The combination of synthetic and mineral base oils with advanced additive technology guarantees a low-viscosity engine oil, which lowers friction loss in the engine but provides optimal wear protection. This leads to savings in fuel consumption whilst at the same time extending the life of the engine. OLYMPIA Super Partly Synthetic Engine Oil SAE 10W-40 (partly synthetic) is particularly recommended for use in petrol engines and fast-running diesel engines, including turbo chargers, and fulfils the latest requirements of all renowned automotive manufacturers.

### Performance Levels and approvals:

API SL/CF

### Packing sizes:

12X1L, 4X4L, 4x5L, 25L,  
60L DRUM, 208L DRUM

## OLYMPIA Super Partly Synthetic Diesel Engine Oil SAE 10W-40

OLYMPIA Super Partly synthetic Diesel Engine Oil SAE 10W-40 (partly synthetic) is a modern low-friction partly synthetic diesel engine oil for the new generation vehicle. Maximum wear protection properties enable maximum oil change intervals. Idle lubricant for all diesel engines with or without catalytic converter, including a version with turbochargers. Increase the power of the engine and decrease fuel consumption. Ideal lubricants for diesel engines under extreme operating conditions. Ensure excellent engine cleanliness and engine emission. Neutralize negative influences from the fuel. Unsurpassed cold weather starting -35°C. Increase engine performance and reduce oil consumption. Ensure cleanliness in the engine system and prevents residue deposits.

### Performance Levels and approvals:

60L DRUM, 208L DRUM

## OLYMPIA Partly Synthetic Truck - Tech Diesel, Engine Oil, SAE 10W-40

OLYMPIA Partly synthetic Truck-Tech Diesel Engine Oil SAE 10W-40 (partly synthetic) is an Extremely high performance partly synthetic engine oil. Specially designed to exclusively protect modern high performance diesel engines of Heavy-loaded trucks (Off-Roads). Designed using high performance base oils to reach perfect low temp fluidity, high temp viscosity and decreased fuel consumption. These base oils combine with advance additives to allow for the highest protection of all engine parts. Designed to provide maximum change intervals in modern diesel engine. Used in naturally aspirated and turbocharging diesel trucks.

### Performance Levels and approvals:

208L DRUM

## OLYMPIA Super Diesel Engine Oil SAE 15W-40

A Super Diesel, multi grade Engine Oil, suited as year rounds all purpose oil, especially for economical use in the mixed vehicle fleet. Thanks to its carefully selected additive package, combined with outstanding base oils, it can be used in modern high performance diesel engines, even with extended oil change intervals, as well as in gasoline engines. It satisfies the requirements of leading foreign and domestic manufacturers of diesel and gasoline engines. OLYMPIA is the ideal engine lubricant for gasoline engines with or without catalytic converter, and for diesel engines, including those with exhaust turbo chargers. In case of extended oil change intervals, please observe the directions of the vehicle manufacturers.

### Performance Levels and approvals:

## OLYMPIA High Performance Engine Oil SAE 15W-40

OLYMPIA high performance, multi grade motor oil, suited as year round all purpose oil, especially for economical use in the mixed vehicle fleet. Thanks to its carefully selected additive package, combined with outstanding base oils, it can be used in modern high performance diesel engines, even with extended oil change intervals, as well as in gasoline engines. It satisfies the requirements of leading foreign and domestic manufacturers of diesel and gasoline engines. OLYMPIA High Performance Engine HD-C3 is the ideal engine lubricant for gasoline engines with or without catalytic converter, and for diesel engines, including those with exhaust turbo chargers. In case of extended oil change intervals, please observe the directions of the vehicle manufacturers.

## OLYMPIA Premium FAMO, Engine Oil SAE 15W-40

A modern low-friction universal engine oil for use in all engines, under all operating conditions and all environmental stresses (all-year oil). It's more than fulfils the highest demands that modern diesel and petrol engines currently place on engine oils. Research and testing over the years have resulted in an engine oil with outstanding properties. Advanced additive technology, in association with unconventional base oils, guarantees outstanding low-friction and wear protection properties and enables maximum oil change intervals. The ideal lubricant for all diesel and petrol engines, whether with catalytic converter or not, and including versions with turbo chargers. Can be mixed with all commercially available engine oils.

### Performance Levels and approvals:

## OLYMPIA Super Performance Engine Oil SAE 15W-40

A Engine oil with a high quality level. Proven base oils combined with the reliable additive technology result in an Engine oil, Which as an engine lubricant withstands the loads of gasoline and Diesel engines even under severe operating conditions. It is the ideal lubricant for gasoline engines with and without catalytic converter, and for fast running Diesel engines, including those with exhaust turbo-chargers, which require multi grade oils according to API SF/CD.

**Performance Levels and approvals:**

## OLYMPIA Super Performance Engine Oil SAE 20W-50

High-quality engine oil of the new generation. Time-tested base oils combined with new pioneering additive technology result in an engine oil that withstands all the stresses generated by petrol and diesel engines, even under strenuous conditions. It neutralizes negative influences from the fuel, reduces friction and wear and prevents sludge formation. The ideal lubricant for petrol engines with and without catalytic converters and for fast-running diesel engines, including turbo charged ones

### Performance Levels and approvals:

## OLYMPIA Syntech Formula Fully Synthetic Engine Oil, SAE 5W-30

OLYMPIA SynTECH Formula Fully Synthetic Engine Oil especially for the latest generation of gasoline, diesel and gas passengers car and vans. Suitable for engines of all emission classes, especially when equipped with filter system, catalyst or EGR. Reduces engine emission and oil consumption. Excellent engine cleanliness. Suitable for engines with multi-valve technology, valvetronic, and turbo-charging (with or without charge air cooling). Guarantees to provide exceptional protection against wear. Reduces fuel consumption. Ultra high performance oil for euro 4 gasoline and diesel engine service. Increases engine performance and piston cleanliness. Low temperature pumpability and sludge control.

## OLYMPIA Pro-Tech Fully Synthetic Engine Oil, SAE 5W - 40

This is a modern fully synthetic low-viscosity engine oil for all-year use. The combination of unconventional synthetic base oil components with the latest additive technology guarantees a low-viscosity, highly shear-resistant engine oil. That is sure to excellent fuel economy. Reduces oil consumption. Unsurpassed cold weather -45°C starting excellent protection in high temperature. Increased engine performance and excellent engine cleanliness. Reduces engine emissions. Far superior to semi synthetic & mineral oil. High shear / high temperature viscosity. For all petrol & diesel engines. With or without turbo or catalytic converter.

### Performance Levels and approvals:

## OLYMPIA Super Diesel Engine Oil, SAE 50

This single-grade engine oil with a naturally high viscosity index is made from a basis of extremely ageing-resistant solvent reagents together with optimally selected active agents. Their specific properties make them ideal for use in turbocharged diesel engines and four diesel engines in extreme operating conditions. Their high alkaline reserve prevents corrosion even when diesel fuel with a high sulphur content is used.

## OLYMPIA Hypoid Super Gear Oil, SAE 80W-90 GL-5

This Multi grade gear oil with advanced additive technology. Unique low friction properties. Extended equipment life. Total drive line capability. Gear oil with agents for reducing wear on bearing & tooth faces. Special additives prevent rust and foam formation. Suitable for a wide range of application. Excellent viscosity temperature behaviour.

Outstanding resistance to ageing & cold. For use in heavy load motor vehicle transmission, particularly axle driven with hypoid gearing.

## OLYMPIA Anti Freeze OAF 7000, G-11

OAF 7000 G-11 antifreeze is suitable for all cooling systems, especially for aluminium engines. Protects engine from freezing, rusting and over heating. Free of nitrates, amines, phosphates and silicates. Antifreeze and corrosion inhibitor. Used in car and truck engines as a nitrate and silicate -free radiator antifreeze. Best diluted with deionized or drinking water. Contains effective Anti-corrosion inhibitors to protect the metals of the engine block and the radiator. Prevents line deposits from water and the swelling of coolant hoses and seal. 1Ltr Olympia antifreeze OAF 7000 = - 800C

## OLYMPIA Super Hydraulic HLP 46

---

OLYMPIA SUPER HYDRAULIC HLP-46 is increased ageing resistance, anti corrosive properties. Extreme pressure properties. Satisfy all requirements & have anti-wear hydraulic properties.

**Performance Levels and approvals:**

DIN 51524 - HLP 46 (part 2)  
AFNOR NF E 48-603 HM  
CINCINNATI MILACRON P-70

**Article Number:**

2204.111

**Packing sizes:**

25L, 60L DRUM, 208L DRUM

## OLYMPIA Super Hydraulic HLP 68

---

OLYMPIA SUPER HYDRAULIC HLP-68 is increased ageing resistance, anti corrosive properties. Extreme pressure properties. Satisfy all requirements & have anti-wear hydraulic properties.

**Performance Levels and approvals:**

DIN 51524 - HLP 68 (part 2)  
AFNOR NF E 48-603 HM  
CINCINNATI MILACRON P-70

**Article Number:**

2206.111

**Packing sizes:**

25L, 60L DRUM, 208L DRUM

## OLYMPIA Multi Purpose Grease K2K-30, MP2

---

OLYMPIA SUPER MP GREASE IS A PREMIUM GRADE, LITHIUM BASED MULTIPURPOSE GREASE. It is given Good water resistance, Good mechanical and oxidation stability & excellent resistance to rust. Then suitable for all automotive, agricultural and industrial application.

**Performance Levels and approvals:**

NLGI MP-2

**Article Number:**

2206.111

**Packing sizes:**

500gm, 18Kg

## OLYMPIA Brake Fluid, DOT 3

Speller and grammar checker English  
OLYMPIA BRAKE FLUID is a high quality, non evaporating, non-freezing brake fluid for use in all seasons and for all types of cars, trucks and buses. This brake fluid doesn't only correspond to SAE specification 70R 3 and J1703 but even surpasses the requirements in many points. It confirms in its physical and chemical properties to the US safety standard FMVSS 571.116/DOT 3.

### Performance Levels and approvals: Article Number:

DOT 3

2206.111

### Packing sizes:

250ml, 500ml

## OLYMPIA 2T Super out Board

OLYMPIA 2T SUPER OUT BOARD is the latest generation of two-stroke engine lubricant for high performance outboard engines. It has been formulated with special base stocks that provide a low ash lubricant to help support the protection of lakes and oceans. OLYMPIA 2T SUPER OUT BOARD exceeds the latest NMMA TC W3 certified oil specification requirements for high performance two-stroke engines.

- ❑ Reduced engine deposits
- ❑ Improved environmental exhaust pollution protection
- ❑ Reduced engine wear
- ❑ Minimized tendency for pre-ignition
- ❑ Long engine service life

### Performance Levels and approvals:

NMMA TC-W, TC-W II, TC-W3

### Article Number:

2206.112

### Packing sizes:

250ml, 500ml, 1Ltr

## OLYMPIA 2T Super Plus

OLYMPIA 2T SUPER PLUS is a high quality two-stroke engine oil that has been developed for small to medium size air cooled two-stroke engines used in motorcycles, scooters and snow bikes. Formulated with a modern low ash additive system which offers protection against scuffing of piston rings and liner wear by minimising piston ring deposits.

- ❑ Reduced engine deposits
- ❑ Reduced engine wear
- ❑ Reduced tendency for pre-ignition
- ❑ Long engine service life

### Performance Levels and approvals: Article Number:

JASO : FB, API : TB

2206 113

### Packing sizes:

250 ml, 500ml, 1 Ltr

## OLYMPIA Ultra Brake Fluid, DOT 4

OLYMPIA BRAKE FLUID is a high quality, non evaporating, non-freezing brake fluid for use in all seasons and for all types of cars, trucks and buses. This brake fluid doesn't only correspond to SAE specification 70R 3 and J1703 but even surpasses the requirements in many points.

It confirms in its physical and chemical properties to the US safety standard FMVSS 571.116/DOT 4

### Performance Levels and approvals:

DOT 4

### Article Number:

2206 114

### Packing sizes:

250ml, 500ml

# OLYMPIA LUBE OIL CERTIFICATES

Besides, from globally recognized automotive manufacturing companies. Olympia products received quality approvals for high performance cars from worldwide famous car manufacturing companies, such as Mercedes Benz, Volkswagen, Volvo, Renault and MAN.

## QUALITY CONTROL

Olympia has established a sound and robust quality control system during receipt of raw materials, in processing lubricants, refilling, final packaging and delivery of the finished products. The quality control is carried out by highly qualified and trained technicians. Olympia owns best laboratory equipment for lab quality assurance, unique testing apparatus and strong QC procedures.

It allows companies to carry out very complicated tests and to avoid any complaints in quality, quantity, packing and delivery of lubricants. All suppliers of Olympia are strongly complying with the demands of Olympia QC. All Olympia products are protected against any kind of duplication and calcification. Olympia is always supplying high quality products in best packing and safe containers.

# OLYMPIA SERVICES

---

Olympia is dedicated to provide its customers additional following benefits and services beside the production, refilling and delivery of high quality lubricants:

- ▣ Oil branding
- ▣ Lubrication surveys
- ▣ Research and development Service
- ▣ Oil Quality Monitoring program
- ▣ Laboratory quality assurance facilities
- ▣ Motor oil blinding,
- ▣ Automatic transmission fluid blinding
- ▣ Anti freeze blinding
- ▣ Refilling services
- ▣ Advise Instruction and training in the use and main tenance of Lubricating and related equipment.
- ▣ Package development and services for specific customer needs

# OLYMPIA LUBE OIL

**Ahmad Shah Shahab**

*Chairman – Olympia Lube Oil FZE.*

Olympia Lube Oil was purely established with the aim of responding to our customers needs in an efficient, dynamic and profitable way and guide our esteemed customers with our comprehensive product range. We are committed to continuously evolving & updating our product quality and range to ensure that the Olympia products are manufactured with the most advanced formulations.

We are fully committed to maintain the highest quality in everything we do and you can be rest assured that you are dealing with a company that is striving to achieve total customer satisfaction.

Our complete range of products will enhance your vehicle performance and experience. Our team of experts, be it in quality or sales are always available to guide you with the right solution.

Finally, you can trust us with confidence that our team is always at your service to meet your requirements at short notices to guarantee your uninterrupted working goals.

“Together, we will achieve success” is our goal and our motto.
